

Airplane Game Cards ("Go Fish" style game)

The dealer deals 5 cards to each player. The remaining cards are placed face down in an area to form a fish pond.

The player to dealer's left starts. A turn consists of asking a specific player for a specific card. If the player who was asked has cards of the named rank, she must give all her cards of this rank to the player who asked for them. That player then gets another turn and may again ask any player for any rank already held by the asker.

If the person asked does not have any cards of the named rank, they say 'Go fish!'. The asker must then draw a card from the fish pond. If the drawn card is the rank asked for, the asker shows it and gets another turn. If the drawn card is not the rank asked for, the asker keeps it, but the turn now passes to the next player.

As soon as a player collects all 4 cards (a set) of the same rank, this must be shown and discarded face down. The game continues until either someone has no cards left in their hand or the stock runs out. The winner is the player who then has the most sets.
