

## Color Umbrellas

We keep our umbrellas so perky and gay  
Ready and waiting for a rainy day.

Here is a green one to keep me dry  
When I open it up and hold it high.

Have you seen the umbrella that's red?  
It looks so nice held over my head.

The rain can get heavy, oh me, oh my,  
But the purple umbrella will keep me dry

I love the umbrella of pretty blue  
It's big enough for me and you!

The yellow umbrella is bright like the sun  
Jumping puddles with it so much fun!

The orange umbrella is saved for showers  
The kind of rain that wakes up the flowers

Our umbrellas are fun and so nice to see  
Just look at them all, I'm sure you'll agree!
