

A meter that is divided into centimeters has how many centimeters?

How many years in a century?

Cut out strip on the top as one piece. Cut out strip on the bottom as one piece. Glue as indicated. Fold like an accordion.

If you want your book to stay closed, tie a ribbon around it with the bow in the front. Glue the back into your lapbook. Your student will be able to open/close the book by untying and tying the ribbon.
