

**BEEES MOVE POLLEN FROM
ONE FLOWER TO ANOTHER;
THEY CARRY IT ON THEIR
FUZZY LEGS.**

**THIS ALLOWS THE FLOWERS
TO MAKE SEEDS. WHAT
COMES FROM SEEDS?**

Cut shape out as one piece. Fold flaps in using the dotted lines as your guide. Tuck the last flap under so that book will stay closed. Cut out the words and discuss with your student. Can your student think of anything that comes from seeds? Let him paste the information in the center. Let him paste the fruit, flower, and tree and the three petals.
