

The Earth is

Covered

in water!

www.homeschoolshare.com

Cut book below out as one piece. Fold in thirds with "Oceans" on top. On the inside of the book write K above one section, W above one section and L above one section. Under the K write what your student knows about oceans. Under the W write what your student wants to learn about oceans. At the end of the unit, under the L, write what your student has learned.
