

Math Problems

If Marie packed three blankets for each person in the sleigh plus two spare, how many blankets did she pack total?

Marie knitted a pair of wool leggings and a pair of mittens for baby Ann. How many items did Marie knit for Ann?

She did the same for Betty. How many items did Marie knit for both of her daughter?

Cut out each octagon. Write your own math problems on the blank pieces, if desired. Stack together (in order) and place the cover on top. Staple where indicated.
