

HOSPITALITY

KINDNESS IN WELCOMING
GUESTS OR STRANGERS

Cut book on previous page out using the grey dotted lines as a guide. Fold on black dotted lines (folding so the top and bottom of the house are showing). While the book is still folded, cut around the shape of the house.

After you've completed the lesson on hospitality in your FIAR manual, let your student cut/paste the word and definition (or write them) inside the house book.

Your student could also record specific ways to show hospitality.
