

PRINT ON CARDSTOCK. Cut out each star and stack in order. Attach at top with staple or metal brad. Use the first star to measure how high your student can reach. Write in the measurement. The other stars can be used to draw pictures of things we reach for, or to list times when we might need to reach our arms.

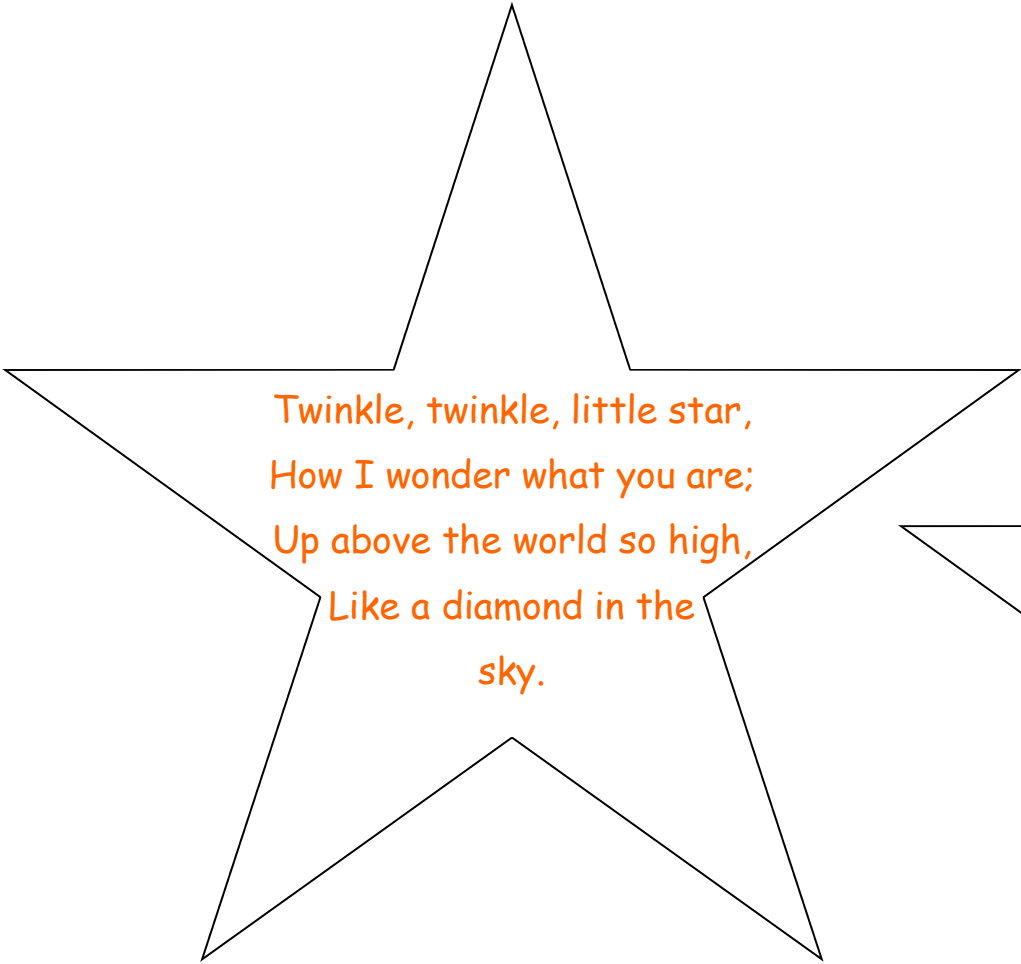

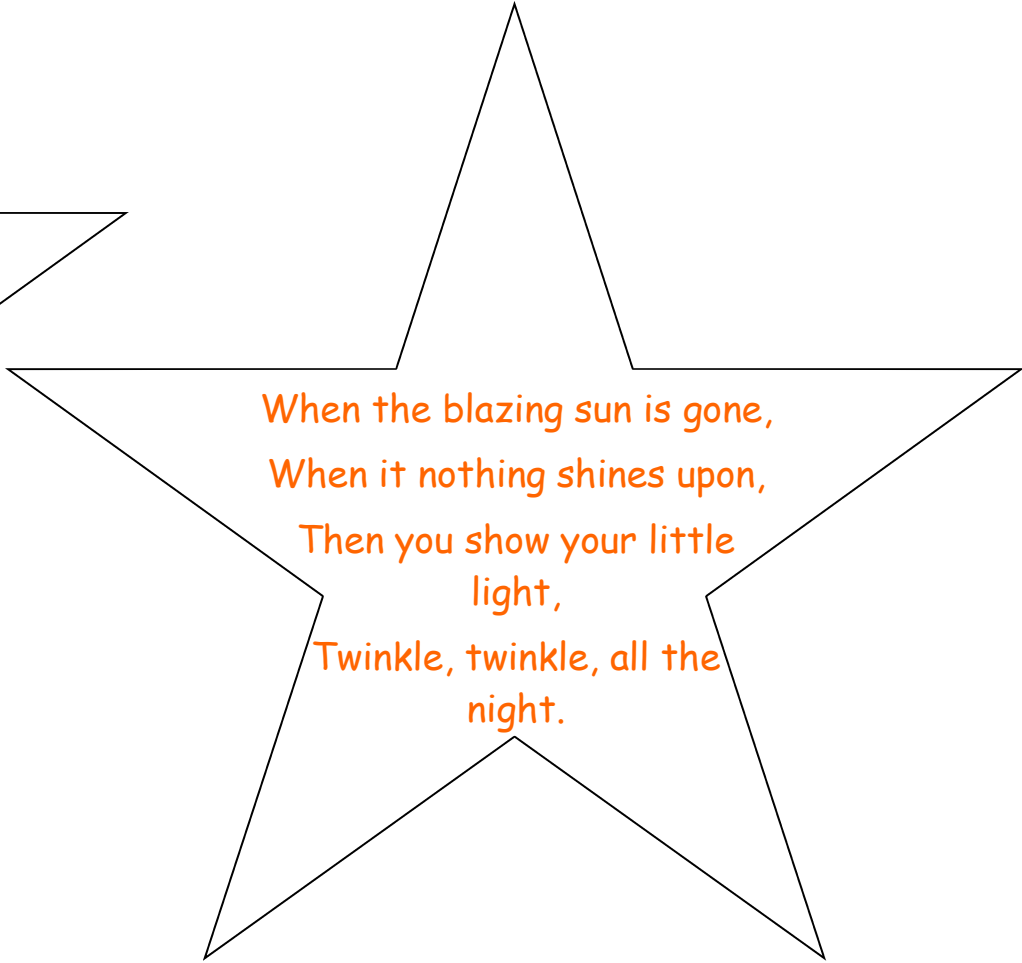

I use my arms
to

I use my arms
to

Twinkle, twinkle, little star,
How I wonder what you are;
Up above the world so high,
Like a diamond in the
sky.

When the blazing sun is gone,
When it nothing shines upon,
Then you show your little
light,
Twinkle, twinkle, all the
night.
