

Making Memories

Cut out all three strips of three rectangles. Glue where indicated so that you have one long line. Fold accordion style making sure "Making Memories" is on the front cover. Before you glue the back of the last page into your lapbook, affix a ribbon or yarn around the book (glue it down to the back as well) that can tie on the front to help keep your book closed.

Add pictures of your camping fun!

Glue to the back of the last page.

Glue to the back of the last page.
