

This happens when the cheetah is content.

This is a higher form of growling that occurs when the danger increases.

This is done when a cheetah is annoyed or facing danger.

This is like high pitched barking. It is used when a cheetah needs to find another cheetah.

Cut on solid lines. Fold flaps on the left over to the right. Write names of different kinds of communication on tops of the flaps. Fold book like an accordion. Paste back of last piece to your lapbook.
