**What are the element abbreviations called?**

**How are elements arranged?**

**ELEMENTS**

**How are elements named?**

**What is an element?**

The central graphic features the word 'ELEMENTS' in a bold, bubbly font. Below it is a colorful illustration of a laboratory setup including a round-bottom flask with blue liquid, a beaker with red liquid and a green stirrer, and a conical flask with green liquid and purple bubbles. Above the glassware is a stylized atom model with a purple nucleus and three yellow, blue, and red electron orbits. The entire scene is set against a background of overlapping colored shapes (yellow, purple, orange, green).
