

**VOCABULARY**

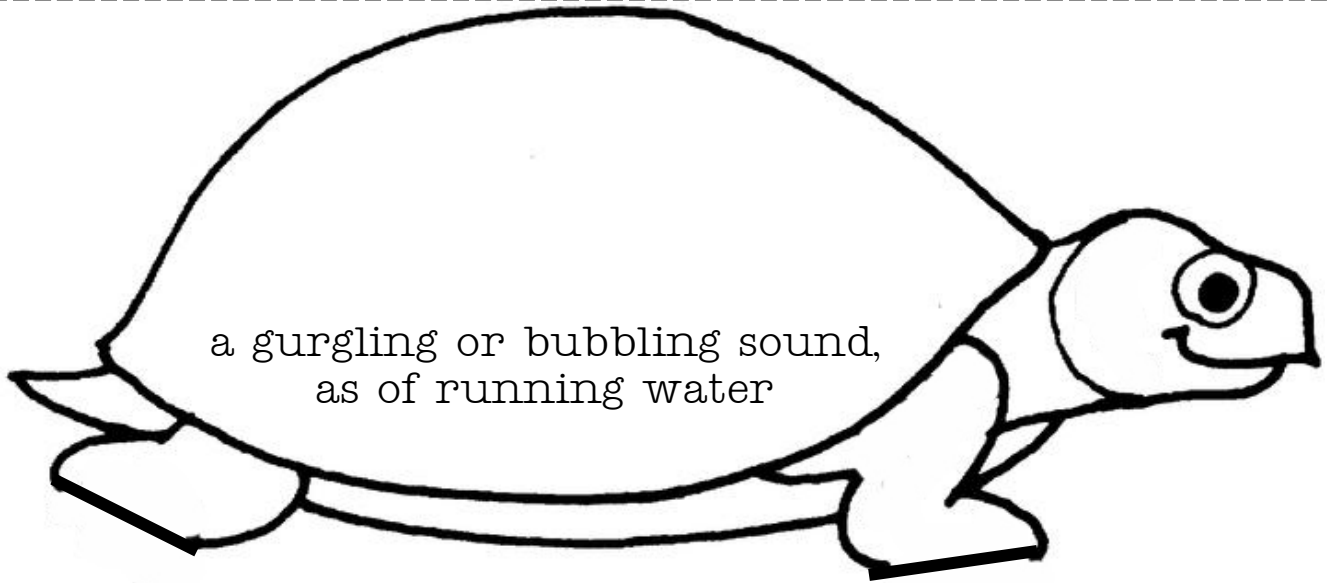

a low, indistinct,  
continuous sound

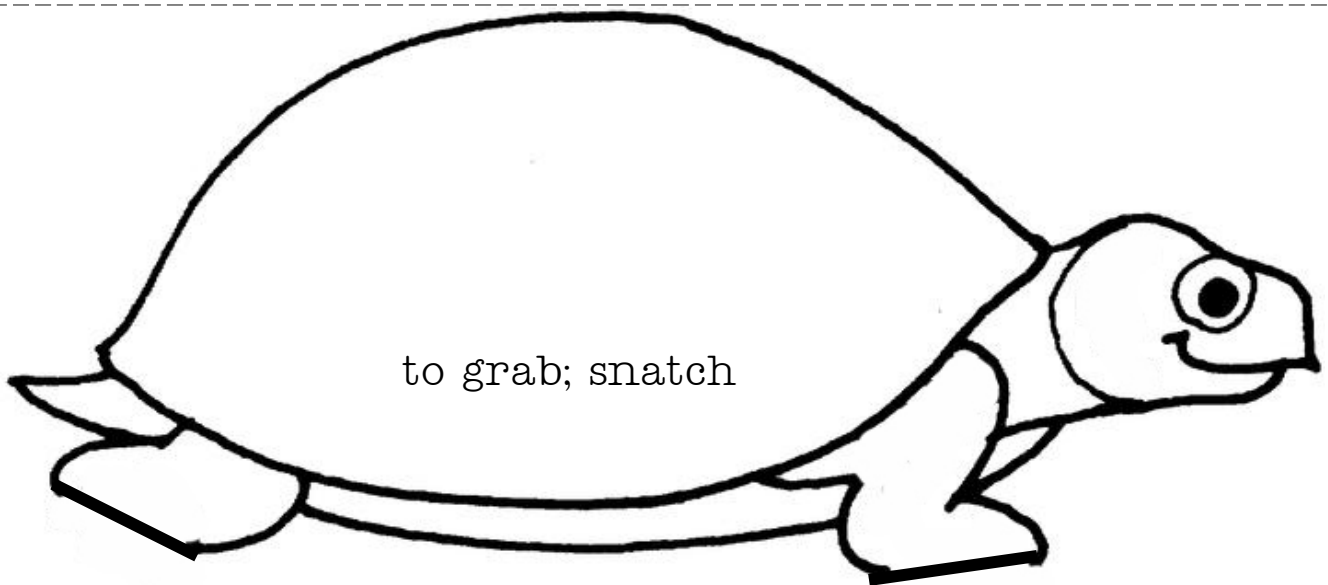

to move with soft flutter-  
ing or crackling sounds

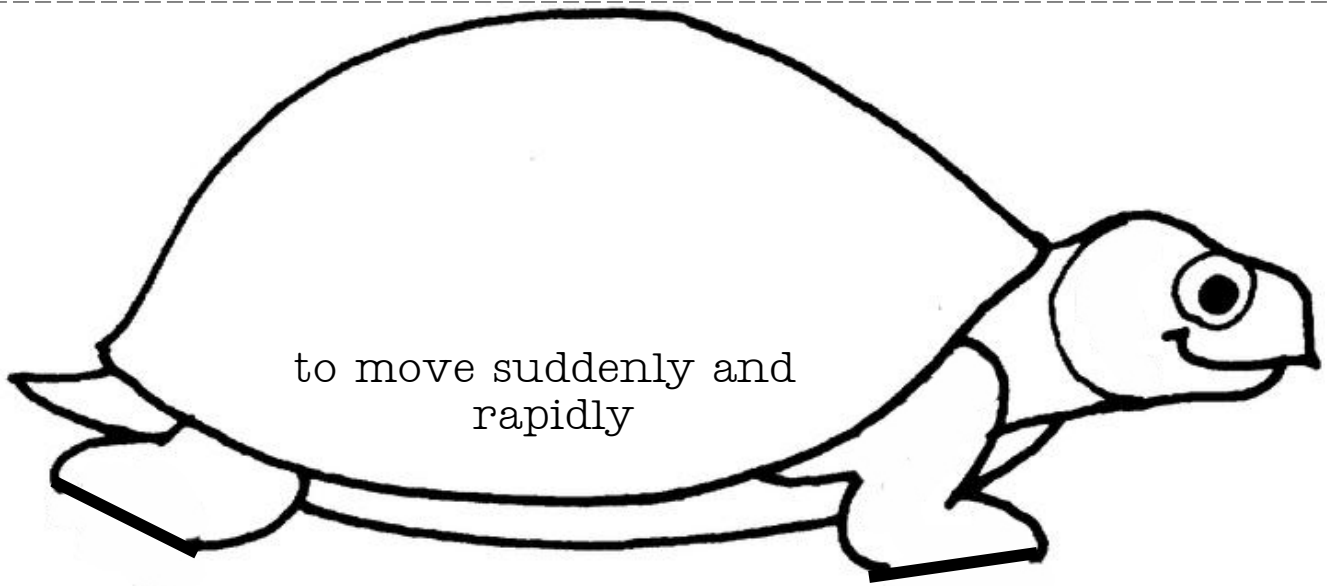

warm and extremely  
humid

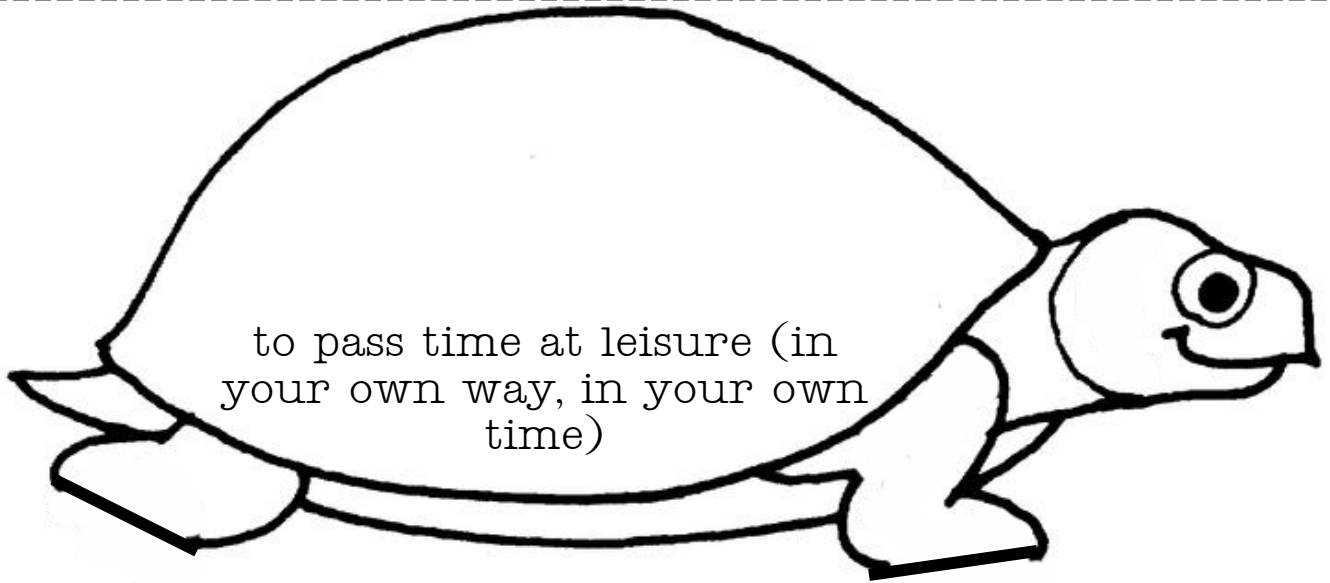

a gurgling or bubbling sound,  
as of running water

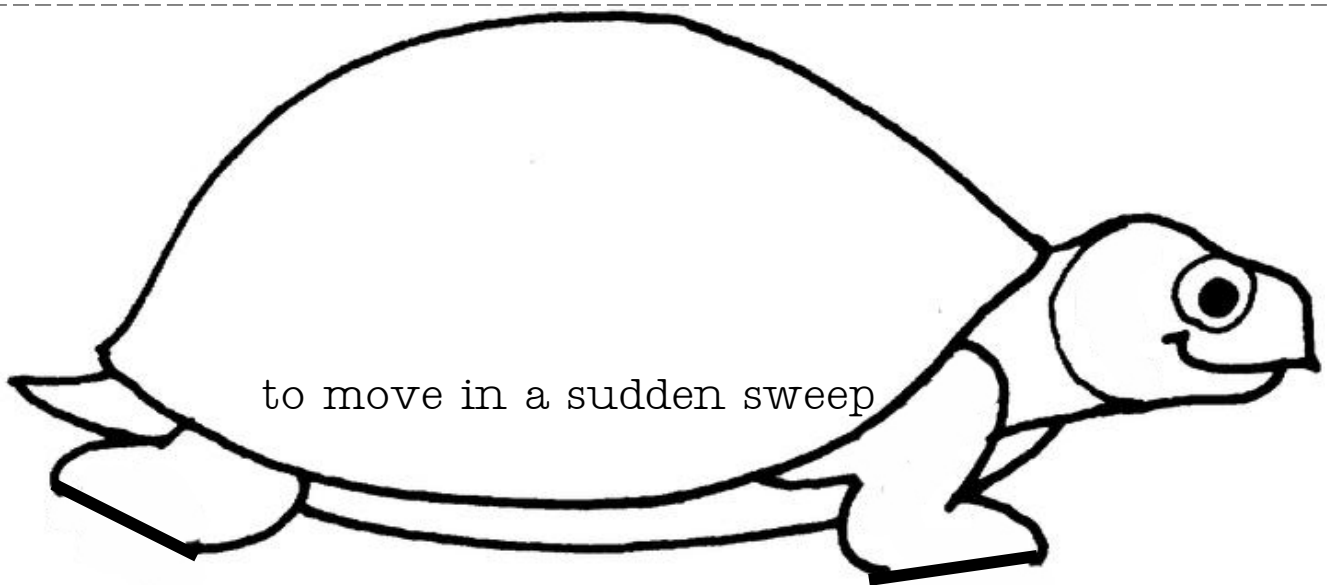

to grab; snatch

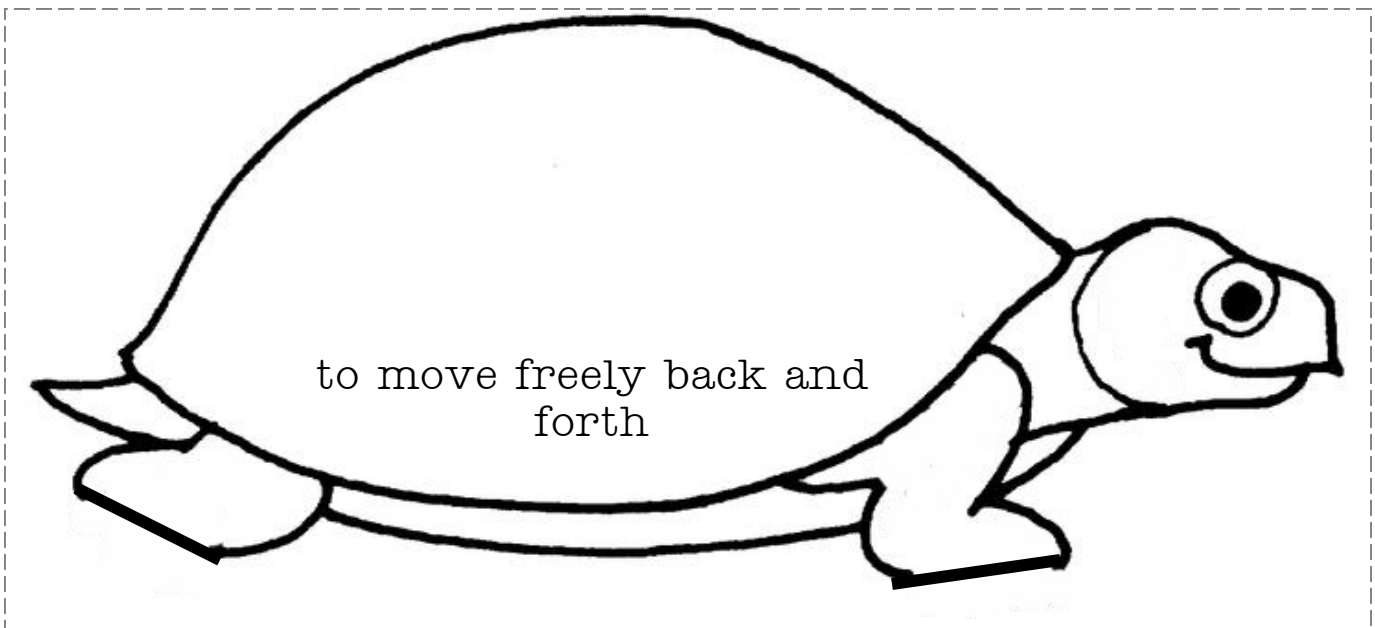

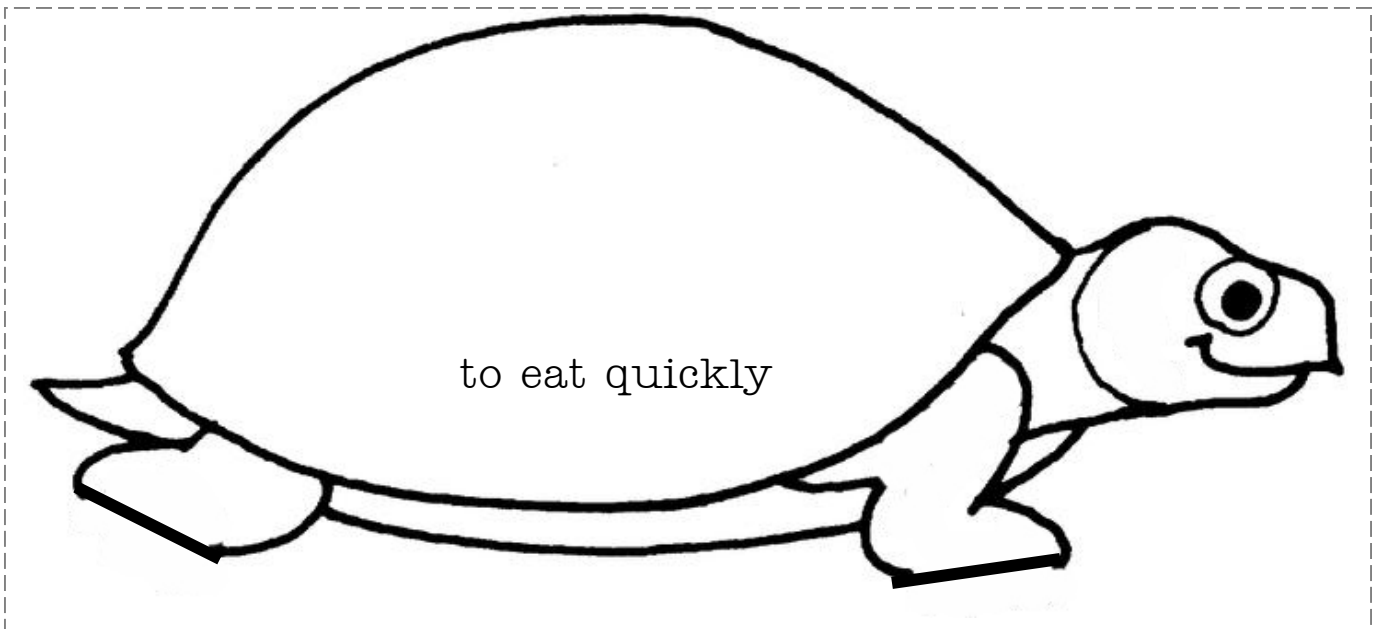

to move suddenly and rapidly

to pass time at leisure (in your own way, in your own time)

to move in a sudden sweep

You have two options for this vocabulary book. You can cut it out on the dotted lines and staple on the left side (bottom and top) OR you can make it a fun shape book by cutting around the solid black lines (the outline of the turtle) and staple it to the right of the tail on the shell.

The shape book is really cute, but it does require careful cutting, and isn't as easy to cut out.

Have your student write the vocabulary word above the corresponding definition.
