

Plastic foam containers, like egg boxes	
Nylon cloth (including fishing nets and line)	
Leather shoes	
Plastic containers, like juice bottles and tubs	
Poison (including agricultural pesticides, paints and more)	
Plastic bags	

How long to bio-degrade

Instructions: Cut out the booklet, and fold in half vertically. Paste the wording onto the front cover. Cut each section along the dotted line cutting the wording carefully as well. Paste the mini book into your lapbook. Fill in the times next to the pictures, as found in the lesson.
