

Occupations

- Tailor
- Doctor
- Policeman
- Postal Worker

Tailor

Postal Worker

Policeman

As you explore the occupations with your student, record interesting information about what each person does (you may want to have your student write a job description for each occupation).

The blank clipboard is for your student to learn more about an occupation he may be interested in when he grows up.

Cut the clipboards out. Stack together with cover on top. Staple at the top (or use with a brass fastener).
