

Instructions:

Choose a t-book (there is a blank one included for your convenience if you don't want to use one of the ready-made templates). Cut it out as one piece. The area with text is the inside of the book. Fold the right side in, then the left, then fold the top down. The front of the top flap will be your cover. Choose one of the designs below for the front cover or let your student create his own cover.

On the inside of the book you can add pictures, let your student draw pictures, or write memories about each person.
