

Little

My Name

Big

Let your student type his name on the computer just like the girl in the story did on the typewriter. Make one in a HUGE font and the other in a small font. Paste each in the appropriate spot.

To assemble book:

Cut out as one piece. Fold in half on center black line. . Unfold. Fold Big and Little rectangles under (using black lines on sides as guides). Fold in half again. "My Name" should be on the front cover. When you open the book, you should see "big" and "little" and you should be able to lift each one.
