

Refer to FIAR volume 4 manual, page 5-11.

Cut out book as one piece. Cut out oval. Fold on dotted lines so that "Reflections" is on top.  
Open top page and cut flaps. On the page under the oval, glue a piece of smooth aluminum foil. Glue down oval opening over foil.  
Have child record answers under flaps.

 <p>Cut out oval</p>		 	What did grandfather see his reflection in?
			What two things do you need to see a reflection?
			What three kinds of waves can reflect?
