

OCTOPUS MATH

How many tentacles does one octopus have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do two octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do three octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do four octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do five octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do six octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do seven octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do eight octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do nine octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do ten octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do eleven octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

How many tentacles do twelve octopuses have?

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$
