

Cut out each book as one piece (six total). Fold on solid line. Fold again so that the bee is covering the words. Finish the statements/write the answers on the inside of the books.

Consider printing these pages on colored paper (unless your student wants to color all the bees).

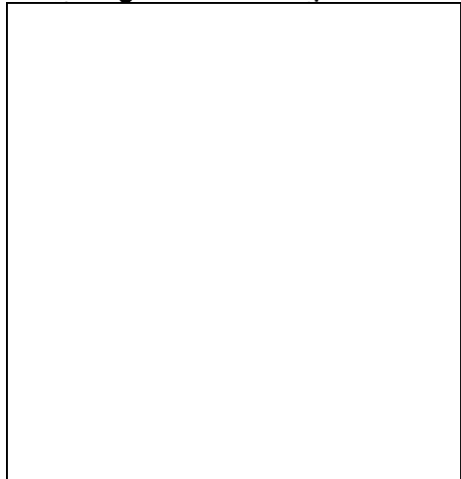

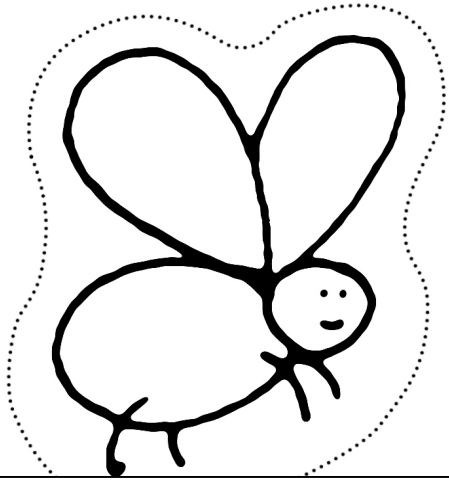

A honeybee would  
have to visit 2  
million flowers to  
make...

The average honey-  
bee worker makes  
how much honey in  
her lifetime?

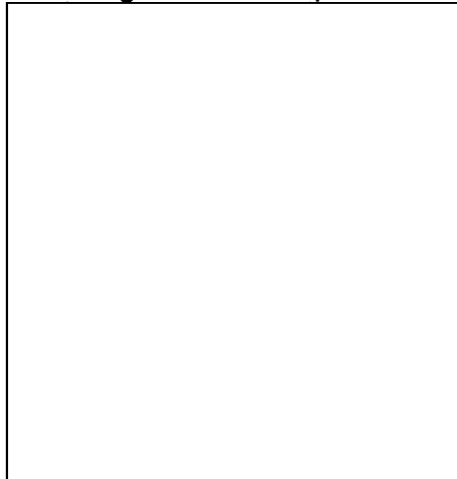

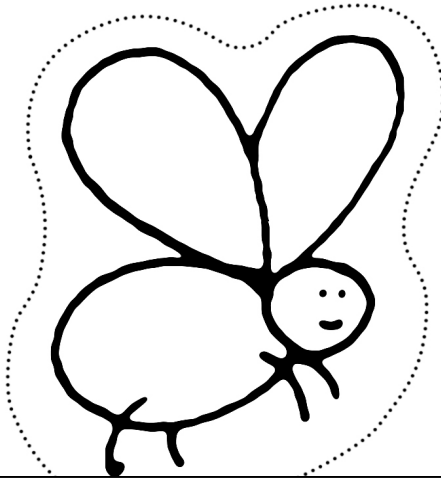

Bees are the only  
insect who...

A honeybee WILL fly  
UP to \_\_\_\_\_ miles  
away in search  
of food.

Queen bees Lay as  
many as 2,000  
eggs each Day.  
That's one egg  
every...

A honeybee takes  
1,600 trips from  
the hive to the  
flower and back to  
make...
