

Percussion

Electronic

Instructions: Cut out and staple at the top. Write a brief description of the family (i.e. Brass instruments are made out of brass or other metal. They have curved tubes and a bell at the end. You make your lips vibrate (buzz) in the mouthpiece. etc.) Write names of instruments in the correct family.

Woodwinds: Flute, Piccolo Clarinet, saxophone, oboe, bassoon

Brass: trumpet, French horn, trombone, tuba, baritone,

String: violin, viola, cello, string bass, guitar, harp

Percussion: gong, snare drum, bass drum, triangle, xylophone, cymbals, tympani (and many more)

Electronic: synthesizers, electric guitar, computer

Keyboards: piano, harpsichord, organ

Note: some instruments could fit under more than one family. We're just putting them in the most commonly thought of family. Technically, "Electronic" isn't a family of instruments, but it's a growing group of instruments that have been created as technology increases.
