

if you could change colors,

WHAT COLOR WOULD YOU BE ?

ANGRY

EXCITED

LONELY

SILLY

After you've discussed how octopuses can change color, have fun with this minit book and discuss what color your student would turn (if he could change colors) for each given emotion.

Cut book out as one piece. Fold in thirds with "What Color Would You Be" as the cover. Reopen book. Cut on dotted lines to form four flaps. Let your student write her answers under the flaps.
