

Can an octopus...

Clip-art courtesy of <http://etc.usf.edu/clipart>

Cut out book on this page as one piece and fold in half. Repeat with the book on the next page. Cut each flap on the dotted lines. After you complete the octopus anatomy lesson, let your student answer/write the answers to the questions (all should be yes except "hear?").

Paste flap book into the book on this page to help keep the flaps safe.

see?

taste?

touch?

hear?

smell?
