

PRINT ON CARDSTOCK

Cut out the four eggs and the four cracked shapes. Place a cracked egg on top of a whole egg. Attach the two together with a brass fastener at the bottom of the egg. Repeat with each egg. Let your student write the appropriate vocabulary word at the top of each egg (above the cracked area). When she moves the cracked portion, she will be able to see the definition and picture.

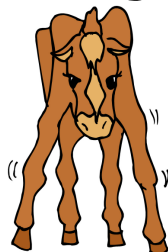

to shake with a slight
and rapid movement

to taste or smell with
pleasure, to appreciate,
enjoy, or relish

to walk or move along
with difficulty or limp

to stumble
