

This is a pop-up book. First, print book on cardstock. Mountain fold the book in half on the dotted line. Snip the two solid lines. Fold that flap down towards you on the dotted line. Now, valley fold the book in half, on the dotted line, popping the box to the inside of the book. Cut out the shark and color it, if desired. On the box marked "glue" glue the shark sitting level with the paper. Make sure it lies flat when closing the book. In the blank area, have your student write where sharks live.
