

Cut out tri-fold on solid lines and fold on dotted lines.

Cut out bar graphs and glue inside of tri-fold. Follow directions for experiment.

Directions:

1.) Pack snow into a tall glass.

2.) Measure with a ruler how deep the snow is and record on the "Snow" graph.

3.) Guess how much water will be left in the glass after the snow melts and record on the "Guess" graph.

4.) Put glass in a warm place and after snow melts, measure water and record on "Water" graph.
