

Cut out covers.

Cut out flags on solid black lines.

Cut out spine and fold on the grey dotted lines accordion style.

Glue the covers to the end flaps of the spine, with the end flaps on the inside of the covers.

Glue the first row of three flags at the top of the spine, one flag on the left side of each fold (mountain). Mercury, Venus, and Earth all Facing to the right

Glue the second row of three flags in the middle of the spine, just below the first row, one flag on the right side of each fold (mountain). Mars, Jupiter, and Saturn all facing to the left

Glue the third row of three flags at the bottom of the spine, just below the second row, one flag on the left side of each fold (mountain). Uranus, Neptune, and Pluto all facing to the right

For visual instructions check here (they are using two flags per row instead of three)

FIND

YOUR AGE

according to the length of
another planet's year

	M E R C U R Y
	V E N U S
	E A R T H
	U R A N U S
	N E P T U N E
	P L U T O

M A R S
J U P I T E R
S A T U R N

Planet	Period of Revolution in Earth years
Mercury	0.241 Earth years
Venus	0.615 Earth years
Earth	1.0 Earth year
Mars	1.88 Earth years
Jupiter	11.9 Earth years
Saturn	29.5 Earth years
Uranus	84.0 Earth years
Neptune	164.8 Earth years
Pluto	248.5 Earth years

Age ÷ Period of Revolution = How old you would be
 For example if your age on earth is 13 years old, then your age on Mercury would be
 $13 \div 0.241 = 54$ years old
