

Cut out each shape (cut along the dark black lines; do not cut any gray lines). Fold each book in half on the gray line (four small books and one large book). Glue the back sides of the small books into the inside of your large book. They go directly next to one another without any gaps between.

See diagram below to help you visualize what your opened book will look like.

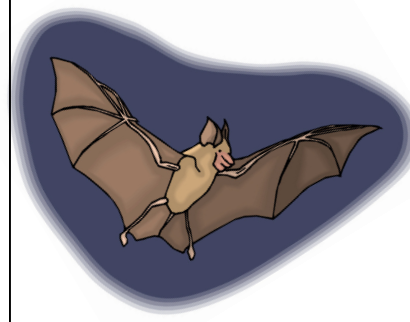

Cut out each animal and paste one in each book.

?

Bats

?

Shrews

What Mammals Use Echolocation?
