

THE CAT IN THE HAT

PRINTABLES

The Cat in the Hat Printables

Science: Rain and the Water Cycle

Why does it rain? Where does the rain come from? Tell your student that rain is a part of the water cycle. The sun pulls water into the sky to form clouds (evaporation). When the clouds get too full, they let go of the water, making rain (precipitation). Use the mini book to reinforce this concept. Cut out pages and stack together. Staple on the left side.

Language Arts: Listmaking

Discuss rainy days and fun things you can do on a rainy day at your own house. Make a list on the printable provided.

Social Studies: Stranger Safety

Discuss with your student what he should do if a stranger knocks on the door. Also, discuss why it is important to keep doors locked. This may be a good time to discuss when/how to call 9-1-1 in case of an emergency.

Character: Telling the Truth

Discuss this last question in the book: "What would you do if your mother asked you?" What should Sally and her brother tell their mother? (the truth!) Talk to your student about the importance of always telling you the truth. Discuss the Bible verses and quote on the cards provided.

P.E.: Balance

For a fun balancing exercise, pick something for your child to try to balance on his/her head (just like the cat in the book).

Hat Game

Find a large hat and put in various small items. Blindfold the child and have them reach in, touch an object and guess what it is without looking.

Clear the Board Game

Give your student 10 markers (small erasers, chocolate chips, little LEGO bricks, etc.). Let him place the markers anywhere he wants on the board. Give your student a pair of dice. As he rolls the numbers that are marked, he removes the markers from the board. When all the markers have been removed, he wins the game. This can be played with two players if you print two boards.

Word Building

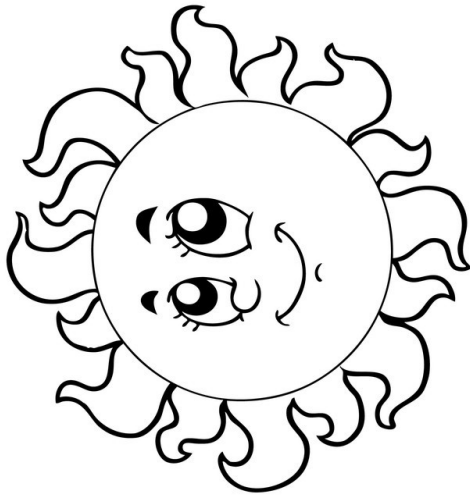

This book is loaded with easy to read words. Give your student some letter tiles and let him spell out some of the words from the book. Use the printable provided, if desired.

Rhyming Words

Sort the cards on the cat mat. The words that rhyme with cat are rat, hat, pat, sat, fat, mat, and bat.

Other Printables

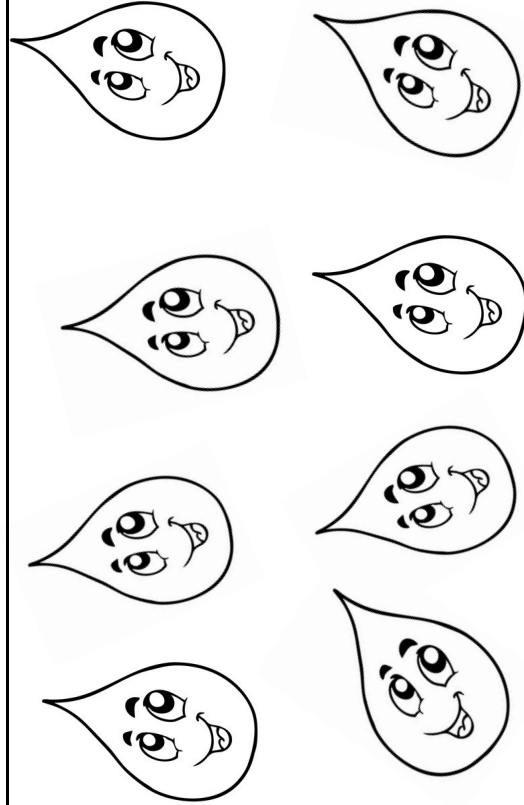

Word Find and Maze

The sun heats up the water in our rivers, lakes, and oceans. It turns it to vapor. The water leaves the river, lake, or ocean, and goes up in the air.
This is **evaporation**.

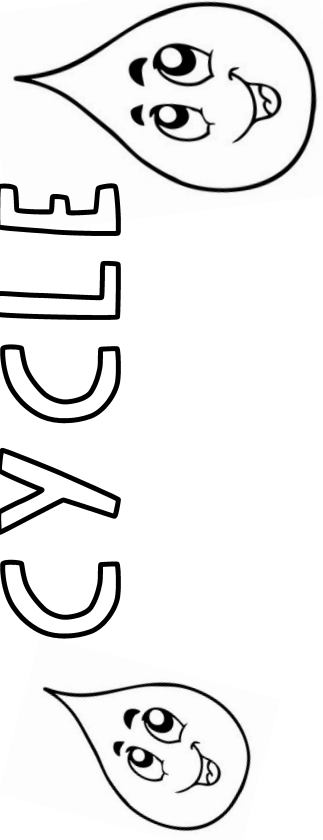

The water vapor in the air gets cold and forms clouds.
This is **condensation**.

When the cloud gets too heavy, the water turns to snow or rain, and falls back to the earth.
This is **precipitation**.
