Cut out the pages of the book (five total).
Read through the sentences with your student. Cut out the pictures (on this page) and glue them to the correct areas of the book.
Stack pages together with cover on top and staple at the top of the book to secure.

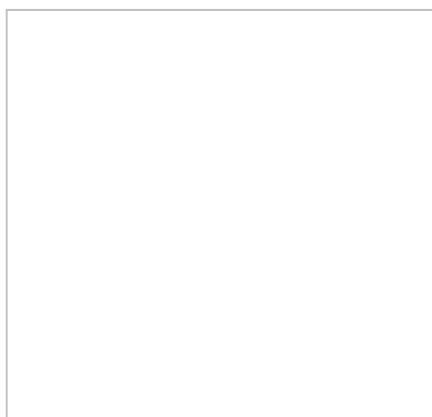

Taking Care of Kittens!

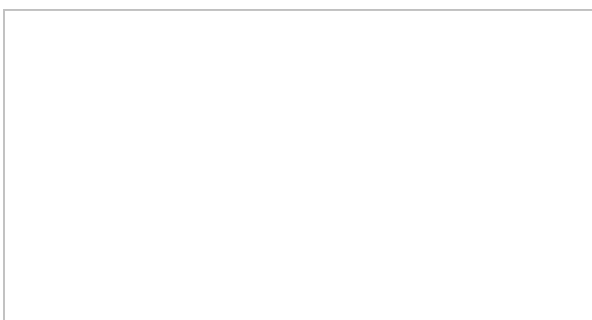

Kittens need toys.

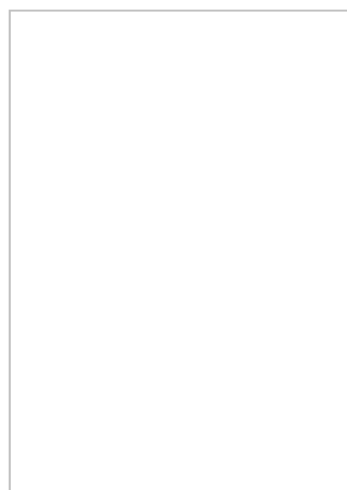

Kittens need to go
to the vet.

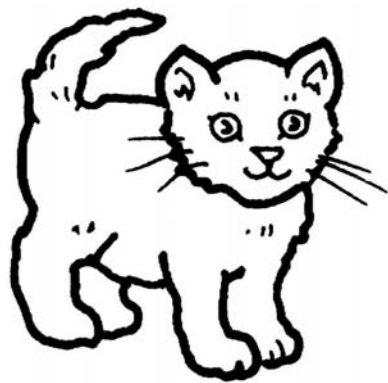

Kittens need food
and water.

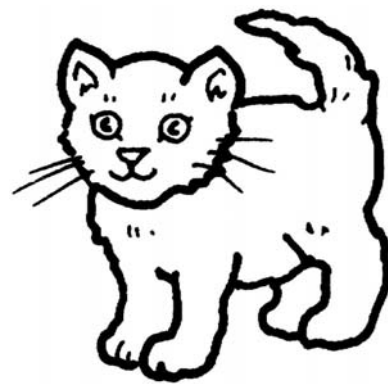

Kittens need love.

Cut out book as one piece. Fold in half. Color the kittens.
Under the flaps, list the differences between the kittens.

Poems & Songs

Little Kitten

Sung to "I Have a Little Dreidel"

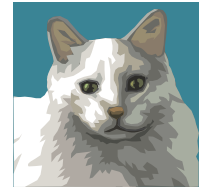

I have a little Kitten
with soft and shiny fur
And when I pet my Kitten
She goes purr, purr, purr, purr

Oh Kitten, Kitten, Kitten
with soft and shiny fur
I love to pet my Kitten
And hear her purr, purr, purr.

Little Kitten

Pussy-cat, Pussy-cat,
where have you been?
I've been to London
to visit the Queen.
Pussy-cat, Pussy-cat,
what did you do?
I frightened a mouse
from under the throne.

Pussycat

I have a little Kitty,
(extend first and fourth fingers like ears)
He is quick as he can be.
(Make a side way motion with one hand quickly)
He jumps upon my lap,
(Cup one hand in palm of other)
And purrs a song to me.
(Make a purring sound)

Kitty, Kitty

Pussy

I love little pussy,
Her coat is so warm
And if I don't hurt her
She'll do me no harm.

So I'll not pull her tail
Nor drive her away
But pussy and I
Very gently will play.

She shall sit by my side,
And I'll give her some food;
And pussy will love me
Because I am good.

Pussy

Some of the cats I know about
Spend a little time in and a lot of
time out. Or a lot of time out and a
little time in. But my cat, Mrs.
Lick-a-chin, Never knows where she
wants to be. If I let her in she looks
at me and begins to sing that she
wants to go out. So I open the door
and she looks about and begins to
sing, "Please let me in!"

Poor silly Mrs. Lick-a chin!

The thing about cats, as you may
find, is that no one knows what
they have in mind.

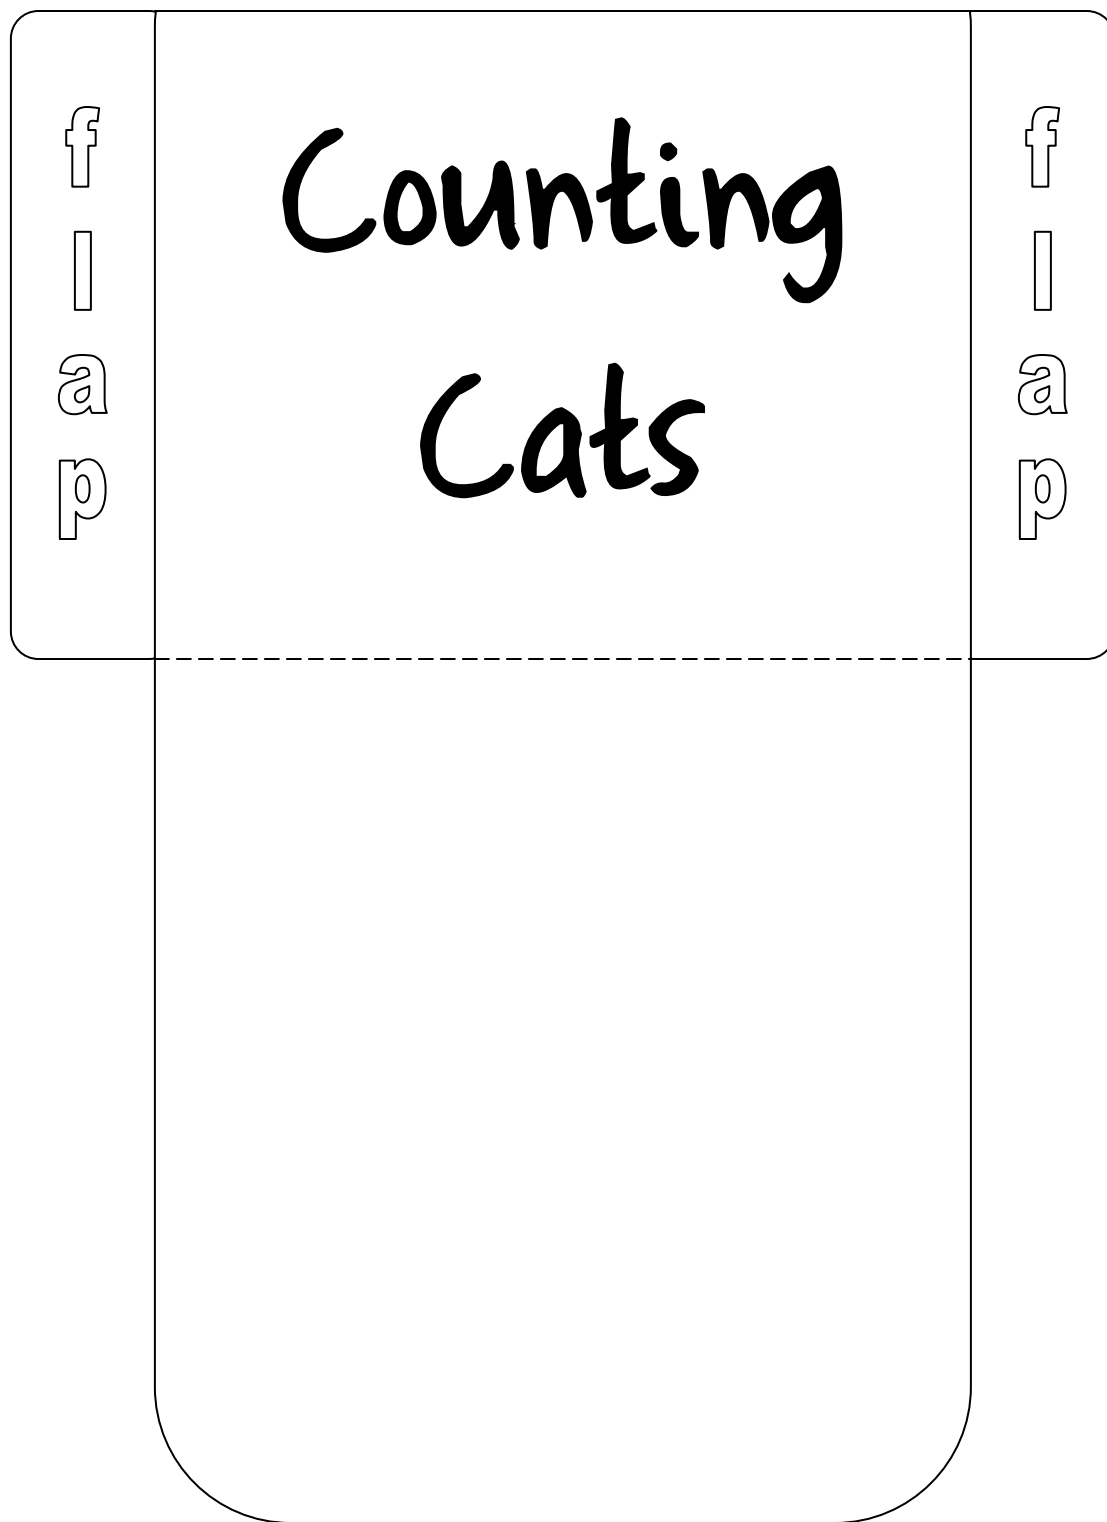

And I'll tell you something about
that, no one knows it
less than my cat.

My Cat, Mrs. Lick-A Chin

Cut pockets out as one piece. Fold back up. Wrap flaps around the back and glue down. Glue in lapbook. Cut out the "Counting Cats" cards and glue them on 4X6 index cards or print on cardstock. Laminate if desired. Store in the pocket along with 4 popsicle sticks. To play "Counting Cats" spread the pictures of cats out and put the cards with numbers face down in a stack. Have your child draw a card and make it using the cat cards. For example, for two cats he should pick two cat cards to illustrate "2 cats". Then have him show the same amount with the popsicle sticks to imitate tally marks and also show it on his left hand (hold up two fingers). This is based on the Right Start mathematics program.
