Six Flap (Vertical)

Directions: Cut out book as one piece. Fold left side under. Fold right side under (it is the cover). Unfold book. Cut on the solid lines to form six flaps.

Glue this area to your lapbook or notebook.	

This lapbook template may be used for your own homeschool or classroom (including school and public library programs and Sunday School). It can be used in a secured digital classroom. It may not be used commercially. It may not be shared as a pdf file, on the web, in groups, through email, or in any other way. © Homeschool Share
