## Five Tab Book

**Directions:** Cut out cover and pages on solid lines. Stack pages together with tabs in order. Your cover should be on top. Secure with staples on the left side.

This lapbook template may be used for your own homeschool or classroom (including school and public library programs and Sunday School). It can be used in a secured digital classroom. It may not be used commercially. It may not be shared as a pdf file, on the web, in groups, through email, or in any other way. © Homeschool Share
