	<p>In a spell of dry weather, when the birds could find very little to drink, a thirsty Crow found a pitcher with a little water in it. But the pitcher was high and had a narrow neck, and no matter how he tried, the Crow could not reach the water. The poor thing felt as if he must die of thirst.</p> <p>Then an idea came to him. Picking up some small pebbles, he dropped them into the pitcher one by one. With each pebble the water rose a little higher until at last it was near enough so he could drink.</p>

MORAL

In a pinch a
good use of
our wits may
help us all.

Print on cardstock. Cut out both pieces. Cut the slit on the dotted line of the **FRONT** piece. Insert the **PULL TAB** through the slit. When you glue down the book, make sure to glue only around the outermost edges and not in the center. You want the slider to remain free to move up and down.
